

For Freedom (Baraye Azadi) Afro Mix by Lavi Beats Lyrics

Let's sing for women
Oh yeah yeah
Oooo

Let's sing for women, life and freedom
For freedom
For freedom
Let's sing for women, life and freedom
For freedom
For freedom

For our friend Shervin
For dancing to the music in the street
For the thrilling suspense of seeing kissing
For my brother, my sister and the community
For every failed attempt to shift their minds and dull beliefs
For the shame and the cry of poverty
For yearning of our lives in normality
For kids searching in trash and their dreams
For the greedy politicians, every lie that's spread
For this polluted air that we breath
For every street and all the dying trees
For the demise and extinction of leopards and tigers
For our loving dogs that they put down

Let's sing for women, life and freedom
For freedom
For freedom
Let's sing for women, life and freedom
For freedom
For freedom

For all the tears and never ending fears
For the dream and the vision that disappears
For all the smiling faces even if they last for a moment
For students and their future who live in the moment
For a heaven that appears more distant every day
For the jails holding all those with lovely mind
For all the poor teens in this world who fight and may die
For finding truth when it was given, even times you lied
For the slogans that they preached to us a million times
For the heritage homes that they flipped for a dime
For hoping to see peaceful times
For sunrise after sleepless dark nights
For those pills that I take to keep me going
For men, and for my country
For boys who want to be girls and the girls wishing they were boys
For men and women and their equality

Let's sing for women, life and freedom
For freedom
For freedom
Let's sing for women, life and freedom

For freedom
For freedom
